You'll never make me feel like dirt

Do you have the vine goes around the stump?
You are mine, call it sugar lump
'Cause you're a big legged woman
With a short, short miniskirt
Promise me darlin'
You'll never make me feel like dirt

I've told you once, I've told you twice
We go together like fried beans and rice
'Cause you're a big legged woman
With a short, short miniskirt, alright
Promise me darlin'
You'll never make me feel like dirt

Solo = vers

Ashes to ashes and dust to dust
You mess with my woman
I'm gonna hurt you first
'Cause she's a big legged woman
With a short, short miniskirt
Promise me darlin'
You'll never make me feel like dirt

Solo = vers
