```
     C                           C
Floatin' down that old river, boy - All my worries far behind
          F                           F                              C
Floatin' down that old river, boy - Leave all memories way behind
      G
Yesterday slowly thing,
       Am             G       G7       C
All my life I've been waitin' for this time

     C                           C
Floatin' down that old river, boy - leaves me feelin' good inside
         F                           F                               C
Floatin' down that old river, boy - Tryin to get to the other side
      G
Yesterday slowly thing,
          Am           G       G7       C
I've been waiting now forever for this ride
