

WOMAN LIKE ME

(Elles Bailey/Joe Wilkins & Tamara Stewart)

I ain't no angel, I ain't no fool
I ain't no devil, ain't afraid of break the rules
I play with fire, I play the cool
I'm thinkin' and checkin' all the dirt of my boots
You came this morning watchin' me
When love with a woman – like me

Oh you got something, that blue jean style
Oh yeah that's sexy girl, come and drive me wild
We dance with danger on the edge of the night
I know you're thinkin' what I'm thinkin' by the look in your eyes
Don't have to get on fancyin' me
When you love a woman – like me
Oooh, Love a woman – like me

Bridge:

When a man like you loves a woman like me
Oh, two words collide
With a man like you with a woman like me
Please stop the fire – so high
Oh baby, so damned high

Solo

Bridge:

When a man like you loved a woman like me
Oh, two words collide
A man like you let a woman like me
Feeeel fire – fire

I ain't no angel, you ain't no fool
To hell with the devil, any time I break some rules
Let's play with fire, quit playin' that cool
I'm thinkin' of and checkin' all the dirt of my boots
The time you get on home to me
Come on and love a woman, like me
Ooooh love a woman, like me
Baby love a woman, like me
